

International Radiation Protection Association

April 2018

Hello YGN Members!

The IRPA Young Generation Network Leadership Committee are keen to encourage Young Professionals to get involved in the various IRPA work groups / committees detailed below:

- Public Understanding Task Group
- Society Admissions and Development Committee
- Radioactive Source Security Task Group
- Higher Education, Research and Teaching (HERT) Radiation Safety Culture Task Group
- Rules Committee
- IRPA15 International Congress Programme Committee
- Publications Commission

This is a **great opportunity to work together with some of the fields leading experts** and make a contribution on an international level.

If you are interested in getting involved, please send a short paragraph (no more than 250 words) explaining which Group / Committee you wish to support and why to jessrevill@hotmail.co.uk by the 31st May 2018.

Applications are open to all members to all members of national radiation protection YGN's, and where a national YGN is not in place, students or professionals working within the first 10 years of the career in the field of radiation protection or its allied fields.

The IRPA YGN Leadership Committee will review all applications and inform the successful candidate in due course.

Please note that the committees / tasks groups primarily work over the internet / phone. As such there should be no obligation to travel to meetings.

Kind Regards

IRPA YGN Leadership Committee
