

1st ENA WORKSHOP and 9th EAN_{NORM} WORKSHOP
Nov. 19th – 22nd 2018 in Katowice, Poland

- First Announcement -

In line with the previous successful eight EAN_{NORM} workshops, the **1st ENA workshop** will be organized in November 2018 in Katowice (Poland), continuing the successful format of the EAN_{NORM}-workshops under the auspices of the European NORM Association (ENA).

There will be three topical sessions

- 1) NORM in the environment: – formation/process water releases and derived precipitations**
- 2) NORM in building materials - practical approaches to control radioactivity**
- 3) NORM in industry - looking beyond oil and gas, phosphorites and red mud**

Details on the content and objectives of each session are available from the Workshop website www.ena1.gig.eu

The Workshop will also include training courses on:

- 1) Application of gamma spectrometry for NORM measurements**
- 2) Application of LSC for NORM measurement**
- 3) Inventory of NORM and existing regulatory context**

Nov. 19	20th Nov.	21st Nov.	22nd Nov.	22nd afternoon
Training courses	Scientific sessions and discussions			Speaker's Corner*
Exhibition of measurement devices and business opportunities: details are available from the Workshop website www.ena1.gig.eu				

* Short information from Member States 10 months after the implementation deadline of the EU BSS into national regulation.

Abstract and paper submission

Abstracts on the workshop topics can be submitted as either as oral or poster presentations. All abstracts must contain between 250 and 400 words and consist of three sections: *problem formulation, research/discussion and results/conclusion*. Contributions must be in English.

The deadline for abstract submission is May 31st, 2018

Templates for abstract and full articles are available from www.ena1.gig.eu. Abstracts should be submitted to the following address:

ena1@gig.eu with subject: ENA workshop

The duration of an oral presentation should not exceed 20 minutes, including answering questions from the audience.

Organisers

Silesian Centre for Environmental Radioactivity, Central Mining Institute

Bogusław Michalik, (bmichalik@gig.eu)

IAF-Radioökologie GmbH

Astrid Schellenberger (schellenberger@iaf-dresden.de)

Organising committee

Christian Kunze (ENA, kunze@iaf-dresden.de)

Bogusław Michalik (GIG, bmichalik@gig.katowice.pl)

Astrid Schellenberger (EAN_{NORM}, schellenberger@iaf-dresden.de)

Małgorzata Wysocka (GIG, mwysocka@gig.eu)

Jörg Dilling (BfS, jdilling@bfs.de)

Scientific committee

H. Schulz (IAF, Germany) - honorary president

F. Carvalho (ITN, Portugal)

H. Friedman (University of Vienna, Austria)

G. Jonkers (independent expert, The Netherlands)

C. Kunze (IAF, Germany)

B. Michalik (GIG, Poland)

C. Nuccetelli (ISS, Italy)

R. G. Tenorio (University of Sevilla, Spain)

R. Wiegiers (IBR, The Netherlands)

J. Welbergen (COVRA, The Netherlands)

Workshop Venue

The Workshop will take place at the Vienna House Easy Angelo Katowice, Poland.

Training courses will take place in the Silesian Centre for Environmental Radioactivity, Główny Instytut Górnictwa – GIG (Central Mining Institute) in Katowice (in the walking distance from the hotel)

Accommodation

Accommodation has been reserved for participants at a special discounted rate. For details including special workshop rates in selected hotels see the Workshop website

www.ena1.gig.eu
